Public Meetings Soliciting Comments on the Draft Environmental Impact Statement for the Bucks Creek Hydropower Project; Pacific Gas and Electric Company and City of Santa Clara, California

On June 14, 2019, the Commission issued a Notice of Availability of the Draft Environmental Impact Statement (EIS) for the Bucks Creek Hydropower Project. The draft EIS documents the views of governmental agencies, non-governmental organizations, affected Indian tribes, the public, the license applicants, and Commission staff.¹ All written comments must be filed by August 13, 2019, and should reference Project No. 619-164. More information on filing comments can be found in the letter at the front of the draft EIS or on the Commission's website at <http://www.ferc.gov/docs-filing/efiling.asp>. Although the Commission strongly encourages electronic filing, documents may also be paper-filed.

In addition to or in lieu of sending written comments, you are invited to attend public meetings that will be held to receive comments on the draft EIS. The daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization comments, while the evening meeting is primarily for receiving input from the public.
